Executive Support • Business Operations • Project Coordination

Organized support. Reliable coordination. Better workflows.

REGISTERED CIVIL ENGINEER

sharmainekatetawac@gmail.com +639090700249

About Me

I'm an administrative and business support professional with 2+ years of experience supporting the Principal and Founder of a U.S.-based architectural firm. My experience includes executive assistance, client communication, CRM management, proposal and invoice preparation, and project research. As a Registered Civil Engineer, I also bring a practical understanding of construction-related documents and project environments.

WHAT I BRING TO A TEAM

- Executive Support
  Calendar coordination, email management, and follow-ups.
- Business Operations
  Document preparation, proposals, invoices, and records.
- Client Coordination
  Professional communication with clients, vendors, and stakeholders.
- Project Support
  CRM administration, property research, and construction-related documentation.

SOFTWARE & SYSTEMS

- Microsoft Office Suite
- Google Workspace
- QuickBooks
- AutoCAD
- Canva
- Ring Central
- Pipedrive
- Microsoft Dynamics 365
- AppFolio

ADMINISTRATIVE & PROJECT SKILLS

- Executive Support
- CRM Administration
- Calendar & Email Management
- Data Entry
- Proposal and Invoice Preparation

Office of the Alderman
2nd Ward – City of Chicago
Brian Hopkins
121 N LaSalle Street, Room 300
Chicago, IL 60602

Re: Request for Aldermanic Support – ADU at [redacted]

Dear Alderman Hopkins,

I am writing on behalf of BLDG Projects and our client, the property owner of [redacted] regarding a proposed residential improvement at [redacted], Chicago, Illinois, located within the 2nd Ward.

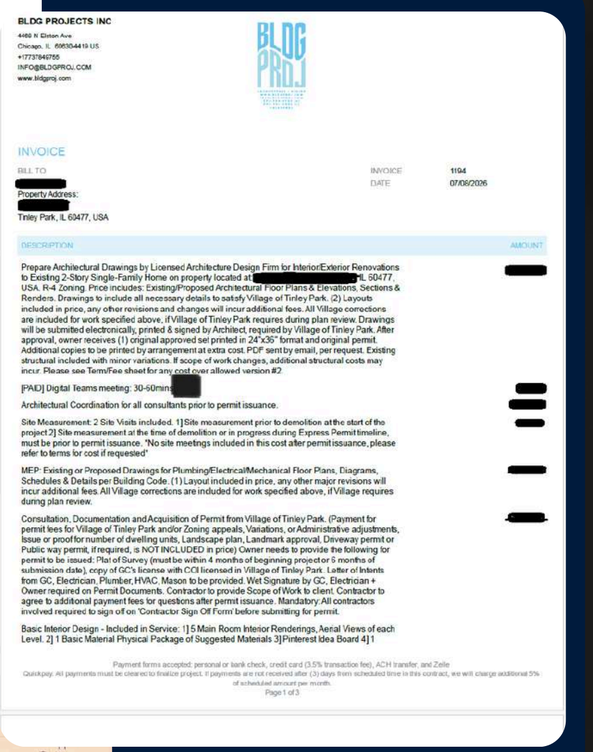

The scope of the proposed project consists of one (1) new rear coach house to replace the existing garage, consisting of a ground-floor garage with one (1) coach house dwelling unit located above, to be constructed in full compliance with the Chicago Zoning Ordinance and all applicable building and life-safety requirements.

This project aligns with the City of Chicago's housing goals by promoting gentle density, efficient use of residential lots, and the expansion of housing opportunities within established neighborhoods. Aldermanic support is a key component of the zoning and permit review process, and your endorsement would be greatly appreciated as we proceed.

We respectfully request a letter of aldermanic support/approval for the proposed rear coach house at this location. We are happy to provide any supporting materials needed for your review and can coordinate submission via email or physical drop-off at your office if preferred.

Please feel free to contact us should you or your staff have any questions or require additional information. Thank you for your time, consideration, and continued service to the residents of the 2nd Ward.

Sincerely,

BLDG PROJECTS INC
